SCARLET SUCCUMBS TO BUFF AND BLUE

Hamilton Plays Loose Game, but Pulls Out 13-0 Victory Over St. Lawrence's Representatives

HAMILTON SCORES EARLY

Showing good football at times, but for the most part playing a loosely organized game, Hamilton won from St. Lawrence Saturday by a 13-0 score, at Canton. Hamilton scored on a fluke in less than a minute and a half of play, and then St. Lawrence settled down and held the visitors scoreless for the rest of the half. The second score came in the third period as the result of an intercepted forward pass which Bolenius pulled down on the 45-yard line, and carried 20 yards before being tackled. Straight football took the ball across.

Scarlet Light

The Scarlet line was considerably lighter than the opposing forwards, but put up a plucky fight and broke thru to smear Hamilton plays time after time. They blocked three of Lawler's punts. Their backfield was crippled by the loss of fullback Skinner, who has been their biggest ground gainer all season. St. Lawrence relied chiefly on an open attack and wide end runs, which swept the Hamilton ends for 15 and 20 yards time and again. Barker and Sheen shone above the rest in this form of play. Keegan, a heavy tackle, also starred.

For Hamilton, Johnson proved the best ground gainer thru the line. Lawler made several good gains around end on a double pass from Lowell.

Details of the Game

Reamon kicked off to Pape on the 40-yard line. Three line bucks netted 6 yards, and Lawler punted. Donihee fumbled and Welsh fell on the ball 8 yards from the goal. Johnson made 5 yards, and Lawler went across for the first score in less than a minute and a half after the opening whistle. Gorman kicked the goal. Reamon kicked off and the ball shifted back and forth, remaining in Hamilton territory thruout the rest of the quarter.

St. Lawrence Threatens Goal

Donihee opened the second period with a 25 yard run, placing the ball on the 10 yard line, and Hamilton succeeded in holding for downs three yards from their own goal. Lawler punted and the half ended with the ball in the center of the field.

Reamon rolled the kickoff to Keeler on the 50 yard line. After three unsuccessful attempts to gain, Martin broke thru and blocked a punt. The home team lost the ball on downs, but recovered by intercepting a forward pass from Pape. Bolenius retaliated on the next play, by grabbing the ball out of the air and taking it to the 25 yard line. Hard line plunging car-

RIFLES EXPECTED SOON

Gun Slings Have Already Arrived and requisitions are in hand

Hamilton's dream of government guns and military equipment was partially realized last week, with the arrival of 100 gun slings for use by the college battalion. The best efforts of President Ferry, Ex-senator Root, and others have been exerted for over six months to secure these government guns, and just about all hope of success had been given up when copies of three requisitions made on arsenals by the ordnance department arrived last week. One was for 100 rifles and cartridge belts from the Rock Island Arsenal, another for 100 bayonets and bayonet scabbards from the Benicia Arsenal, and a third for 100 gunslings from the Springfield Arsenal. The latter have already arrived, and there is every reason for expecting the other equipment inside of a short time.

There will probably be no target practice until spring as there is a great deal to learn about a gun before any actual firing is done. A range may later be built on the Hill. If not, the Battalion will at least be able to secure the use of the range of the state militia in Utica.

BUFFALO GAME PROMISES A BATTLE FOR HAMILTON

Bisons Well Coached and Are Out For Revenge

The mere fact that Buffalo trounced Rochester 20 to 0 a week before Hamilton applied the 14-0 defeat to them is sufficient proof that the Buff and Blue is not going to walk up and down the field in any manner resembling that of last year's victory, 19-0. In other games the Bisons have played they were held to a scoreless tie by St. Lawrence and defeated by St. Bonaventure 13-6.

Well Coached

Buffalo is being coached by Art Powell and Tommy Hewitt, former star quarterback of the University of Michigan. Powell has the line in charge and Hewitt is devoting his energy to bolstering up the backfield. Long scrimmage every afternoon with the strong Technical High School team keeps the men in fighting trim.

The worst loss Buffalo has suffered this season is that of Capt. Hayes, right end, who was laid up with an attack of appendicitis early in the season. Bleich, the fullback, has quite a reputation both on hitting the line and blocking plays. Buffalo papers speak of him as "a tower of strength."

Hamilton has been working under Coach Prettyman long enough to ab-

ARMY Y.M.C.A. FUND SLOWLY COMING IN

$646 Already in Hand—Committee Hopes to Raise Entire $2000, the Desired Goal

The exact figures on the amount subscribed for the army Y. M. C. A. fund are not obtainable, as all of the cards have not been turned in to the committee, but $646.50 has already been raised by the students, and the faculty has subscribed about $75 to date. A great many cards are still out, and when they are handed in it is hoped that the Hamilton College amount will be well over $1000.

The $646 already raised represents the contributions of only about forty per cent. of the college, and only a few of the professors have helped to swell the fund. Efforts will be made by the committee this week to collect all of the outstanding sums, and to raise the $2000, which is the desired goal.

When this money is collected it will be sent to Elmer C. Galloway, who is the state student secretary of the Y. M. C. A. Mr. Galloway was pleased at the showing of the college the night the cards were handed out, and the committee hopes that the entire $2000 will be raised, and thus fulfil Mr. Galloway's expectations of Hamilton College.

EXECUTIVE COUNCIL BACKS MUSICAL CLUBS' TRIP

Easter Trip for Baseball Turned Down

A complete schedule, including an Easter trip, for the Musical Clubs was sanctioned by the Executive Council Thursday night, provided that any proceeds made from such a trip be given to the American Red Cross fund, and that certain changes in the international situation do not take place. At the same time a ban was placed on the Easter trip of the baseball team; however, the ten games scheduled to be played after the spring recess will remain.

Permission to the management of the Musical Clubs came after considerable deliberation. Somewhat the same sentiment that arose against taking the trip last spring was evident, but when it was suggested that the concerts be, as far as possible, benefits for the Red Cross, the Council decided to approve the trip. A suggestion was made to supplant the trip by several week-end trips, but it was found that the number of "cuts" involved, and the result to the members would not be as practicable as the customary ten-day trip.

MORE ATHLETICS FOR COLLEGE

Those Interested in Soccer Are Requested to be Out This Afternoon—Hockey this Winter

PRETTYMAN WILL HELP

Providing the students give their support, two new athletic sports, soccer and hockey, will soon be inaugurated on the Hill. There has long been the opinion that there are too many men on the Hill who are not taking some part in athletic exercise and as long as football only takes care of a small portion of the men in college, some other sport, more easily adaptable to every one is needed. Coach Prettyman is in favor of giving the men a chance to play soccer this fall, as it does not require a large equipment or great skill to enjoy the pastime.

Soccer Game Today

This afternoon the Department of Intramural Sports will arrange to have a soccer ball and goal posts erected on the quadrangle in front of the Gym and all men are requested to come out and try the game. 22 men are needed to have a game and if enough more are present, a place will be found to accommodate them. As military drill comes on Monday, Wednesday and Friday afternoons, Thursday will be the only other day available for soccer. If enough interest is shown by the men, a Round Robin Tournament of six games will be held between the four classes.

Hockey This Winter

With the near approach of winter the question comes, "Will the students on the Hill support a skating rink this winter?" Coach Prettyman, who played varsity hockey at Springfield and who was connected with the sport in Buffalo, is anxious to see the men take it up here as he believes in the benefits to be derived from skating. Coach Prettyman said that the rink could not be constructed and kept in condition unless the men back it up and lend their support for keeping the rink in condition.

Plans at present are to have a rink, ninety by one hundred and forty feet in front of the Chemical Laboratory where the tennis courts now are. It will extend from the little gas house to the terrace in front of the laboratory and is the most advantageous spot on which to build a rink. Electric lights would be strung over head and thus the men could use the rink evenings. One of the obstacles to overcome is that of upkeep and Coach Prettyman suggested that each crowd take turns at clearing the snow and smoothing the surface. A man would have to be hired to take charge of the freezing and spraying.

With a good rink on the Hill, Inter-Fraternity hockey could be developed.

PIONEERS ORGANIZE FOR YEAR'S WORK

New Officers Appointed to Vacant Posts—All Ready to Push Work

The appeal made to the undergraduates by Chief Pioneer Executive Jessup for volunteers to assist in running the Pioneers of America this year brought in a score of applications, revealing that there was much interest in the organization. New officers have been appointed to succeed those who were graduated in June or who have left college, and the work of re-organizing is well under way.

This year the Pioneer movement will continue with its headquarters here, and it will be entirely managed by these volunteers. Just now the local board is acquainting itself with the work, and soon will begin the task of registering new troops. There are now about thirty registered troops in the nation-wide movement, and as many more applications are now in the office in Silliman Hall for charters to begin the work in other cities.

Griffiths, '17, the founder, was obliged to give up the work when he entered the service of the State this fall. However, he does field work as chairman of the Committee on Charities. Van Norden, '19, is the new Assistant Pioneer Executive, Atwood, '20, is secretary pro tem, Griffin, '18, is National Field Commissioner, Link, '18, is National Pioneer Commissioner and Riley, '19, Lee, '20 and Keane, '20, are publicity secretaries. Charles B. Rogers, '87, president of the First National Bank of Utica, is treasurer.

Other undergraduates who will be appointed to duties soon include: Jewett and Doyle, '20, and Wynkoop, Hawkins, Reid, Pritchett and Barry, '21. On the Advisory Board are: Profs. Chase and Wood, Dan Chase and H. J. Morton, Assistant Inspectors of the New York State Military Training, Assistant Inspector Richard Welling, chairman of the Self Government Commission of New York, C. Ward Crampton, director of physical training in New York, and Prof. Thomas D. Wood of Columbia University.

—Stanley Jones, '11, a member of New York's old 69th is at Camp Mills, Long Island, about ready to cross over to France.

"PHOEB" WILLIAMS ASKS FOR FOUR-MINUTE MEN

Especially Urges Hamilton Alumni to Enroll in This Organization for War Publicity

A letter from "Phoeb" Williams, '08, secretary of the 4 Minute Men, explains the work of that organization and tells the part that Hamilton men can take in the campaign. The letter states:

"About the time the United States entered the war, a young man named Donald Ryerson, who lived in Chicago, got the idea that a lot of audiences were going to waste every evening in the motion picture theatres. He got the assistance of a few friends and they organized a corps of volunteer speakers who covered the movies quite regularly. The idea took hold so well that it was brought to the attention of the authorities in Washington. At once its value as a medium of publicity was recognized and the Four Minute Men were made a division of the Committee on Public Information, which includes the Secretary of War, the Secretary of State and the Secretary of the Navy.

"The Four Minute Men take their name from the fact that their speeches in motion picture theatres are limited strictly to four minutes. On this basis they have received the endorsement of practically every organization in the motion picture industry. They are working in forty-six states and have about eleven thousand speakers enrolled. Thus far they have spoken on the Liberty Loan, the Red Cross, Hoover's Food Conservation, the President's Recruiting Proclamation, an educational series of several weeks on German Propaganda, and the general topic "Why We Are at War," and there is still much work to do.

"It seems to me that work of this kind should appeal to Hamilton men, particularly because it offers a splendid opportunity to put to practical use the training in public speaking which they had on the Hill. This is a very definite job we can do and its importance is demonstrated by the approval which has been accorded the work of the Four Minute Men from various governmental authorities. Any Hamilton men who want to help, either by organizing local committees or by assisting those already in operation, can be put in touch with the proper persons by addressing the New York State headquarters, at 53 East 44th street, New York City.

"I take this opportunity to say that I greatly appreciate your interest and trust that this brief outline of the work will win recruits through the publication in the **Hamilton Life.**"

Yours sincerely,
PAUL B. WILLIAMS.

—Dr. Frank Child, '03, of Port Jefferson, Long Island, is a member of the Medical Reserve. Dr. Child was called out in June and sent to Fort Benjamin Harrison as a 1st lieutenant. The directors of the Catholic Home of which he is Head Director petitioned the War Department to return him but their request was refused. They then petitioned President Wilson and he granted it.

Sunday Chapel

There has recently been some discussion on the Hill about the hour of Sunday Chapel. Should we change it to a morning hour, say 10:30 to 11:30, or leave it at the present time in the afternoon? The college should begin to discuss this, for there is a good chance, if we favor a change, for the Faculty to approve.

The ministers who have been on the Hill this fall almost without exception have asked why we did not have Chapel in the morning. They feel that the fellows would be more awake then than at the afternoon hour, and so it would be easier to keep the men's attention. An afternoon hour after a heavy Sunday dinner is not fair to the preacher.

This morning service would be over in time for men to keep Sunday school appointments which they might have in the village. As for interfering with church in the village, unfortunately there are very few fellows who ever go down.

Life only brings this up for consideration. If the fellows on the Hill do not want a change, there will be none forced upon them. But if the majority of us do prefer a change, the Faculty might be persuaded to take favorable action. Think it over and be prepared to state your opinion if this change should be definitely presented to you.

Pay Your Dues

President Sottong of the Hamilton Union made an urgent appeal Thursday evening for all men to join the Union. The treasury is low and since the opening of the Union only a bare sixty men have paid their dues. But how many have enjoyed its privileges?

When the Union opened last spring it was planned to have every man in College a member. The dues are moderate---one dollar makes you a member for life, you are never called upon to pay more. This being the plan men were never required to show membership cards and the college body as a whole was always invited to the "feeds." But "feeds", the magazines the Union takes, the recent recovering of the pool table cost money, and all has combined to reduce the money in hand to nearly nil.

The Hamilton Union is an institution in this college which deserves support. These men who have made use of the Union are honor bound to pay this life membership of a mere dollar. Men who have not yet made use of the Union should do so and swell the membership. Mr. Coughlin is the treasurer and is always ready to receive your dollar. The students of Hamilton College want the Union to succeed. Those who have been neglectful, check themselves up. Who cannot afford a dollar?—Mr. Coughlin, the Bursar's office.

Why Not?

There isn't any reason why one or more games should not be held here every fall, for Utica is favorably located for such contests. It is a good meeting point between several large schools. Hamilton College might well play one or two games here rather than up on the Hill, which is rather too distant for some of her "grads" to go.

The grounds at Utica Park are large enough to accommodate all the demands of a big game. The attendance at games in a large city is generally larger than when held on the home grounds of a college. This is a practical matter which need not be overlooked considering the expenses of a college athletic association.

(Editorial "Utica Observer" Nov. 1.)

LOWELL'S LAMENT

T'is right to beat the Scarlet, and wallop Hobart too,
But there is one far-gleaming star we wish to point to you.
Yes, slam it to the Bison and still keep going strong,
For to trample on old Union, is the burden of our song.

For years we've waited for a chance to make them bite the dust,
And now that we have got it; why lick them we just must.
For years we've taken taunts and jibes, and done our level best,
So this year when it's over, let us lay them way to rest.

Yes, be sure and beat the Bison, but there's other work to do,
So get right down in earnest, and when the season's thru,
We'll find among our booty, that hope most strongly felt,
The well-earned scalp of Union, will be hanging from our belt.

(Continued from page 1.)

sorb many new ideas and become perfected in the new plays they have been practicing. The fact that the gridiron has not been free from water for three weeks has checked the work somewhat but the new athletic field is in shape for practice. Last Thursday a dummy wooden line was put into operation and methods of applying the steam roller tested. From now on it is full steam ahead for the Union game, only ten days off.

ried the ball a foot from the line, and Johnson went across for the last score.

Fourth Quarter

Hamilton had one more chance to score in the last quarter, when Lawler intercepted a pass and ran 35 yards thru an open field. Line plays failed to make the required distance, and Gorman's place kick from the 20 yard line went wide of the goal. From here on, the play was mostly in midfield.

The line-up:

Hallowe'en Celebrated By Underclassmen

Professos Serenaded, Doughnuts and Cider Consumed in Fitting Style

About eight-thirty Wednesday night, the members of the two underclasses gathered on the campus for their annual Hallowe'en celebration. The procession, led by a snare and a bass drum, proceeded down to the village. Only a few of the men had torches but all had good lungs. Coxey himself would have been proud to have led that column.

A large dump-cart was secured on the road and drawn by Slimers, "who followed in her train." Inspired by the martial music of the drums, the multitude advanced to Park Row, calling loudly for "Bugs". Finally that gentleman made his appearance with a panful of doughnuts. A long yell was given for "Bugs" and his doughnuts and the procession made its way to "Cal's." Although the department was not at home, the crowd received another hand-out.

Fun for the Profs.

The company started up the Hill. Half way up "Bib" was visited. He congratulated the men on getting over the three lines of trenches surrounding his house and hoped that each one would enjoy himself. The crowd called for doughnuts, but none were forthcoming.

"Rip" was next. He came to the front door and spoke a few words of encouragement to the assembled ones. "General" Carruth very fittingly "dismissed the company." "Little Greek entertained the men with a short selection which was Greek to everyone. Loudly did the multitude call for "Baldy" and "Davy" but they were conspicuous by their absence. Prexy was more generous and he delivered the crowning speech of the evening. He told of the origin of Hallowe'en and greatly pleased the crowd by telling them that the Austrian drive against Italy had been checked. He thanked his audience for their kind attention and a double long yell was given for Prexy. "Bill" Squires was called for but he was not receiving callers. Brownie satisfied the crowd by a quick advance, a few words, and a hasty retreat.

As the glen was wet and muddy, there were no speeches and the crowd adjourned to the vicinity of the Campus, where the "celebration" was continued in an irregular way until a late hour.

—Henry Kitchell Webster, '97, has written a new serial which starts in the November issue of Everybody's magazine. The name of the serial is "The White Arc" and it is a story of the American life at its present war phase. The story is featured by the magazine as a gripping American serial.

UPPER CLASSES ACT

Concerted action was taken by the two upper classes Friday morning after chapel to put a stop to all Hallowe'en pranks in future years. The action came as a result of some of the so-called jokes played by underclassmen Wednesday evening, going too far when damage was done to College property. The resolution as formally adopted reads: Resolved, That the classes of 1918 and 1919 hereby put themselves on record as opposing the disorderly encroachment upon College property or upon the personal property of members of the Faculty in connection with any subsequent celebration of Hallowe'en.

At the same meeting action was also taken by the upperclassmen to regulate the horsing of freshmen. It was voted to have a committee appointed of three men from the upperclasses whose consent must be secured before any horsing of a freshman takes place. This will do away with the horsing of a man for personal reasons.

ACHIEVEMENT

Twenty-five years ago the General Electric Company was founded.

Since then, electricity has sent its thrill through the whole structure of life.

Eager to turn wheels, to lift and carry, to banish dark, to gather heat, to hurl voices and thoughts across space, to give the world new tools for its work—electricity has bent to man's will.

Throughout this period the General Electric Company has held the great responsibilities and high ideals of leadership.

It has set free the spirit of research.

It has given tangible form to invention, in apparatus of infinite precision and gigantic power.

And it has gone forth, co-operating with every industry, to command this unseen force and fetch it far to serve all people.

By the achievements which this company has already recorded may best be judged the greater ends its future shall attain, the deeper mysteries it yet shall solve in electrifying more and more of the world's work.

—Dr. Cady Staley, Union, '65, has presented the college with the sum of $10,000. Just what the money will be used for has not been definitely decided.

—The Freshman Class at Union voted to give up their annual masqued "peerade." President Charles Richmond advised the move as he thought it might be construed as a waste of money, in the purchase of costumes. The class indorsed this view and so one of the historical events in Union College gives way to the necessities of war.

HAMILTON UNION'S OPENING RECEPTION

Dr. Ferry Talks to the Fellows—"Pete" Appeals for More Men to Pay Dues

The Hamilton Union held its first reception and "feed" of the year in the Union rooms in North College last Thursday night. Although the attendance was small, the meeting was a very enthusiastic one, and many good wishes for the future welfare of the organization were expressed. President Ferry and Professor Fancher were the sole members of the Faculty present, and only about fifty students attended.

"Pete" Opens Up

"Pete" Sottong, President of the Union, started proceedings with a short introductory talk explaining the object of the organization. He expressed his regret that the Union rooms were not used as much as they should be, and ended by saying that the full purpose of the organization could not be accomplished unless the whole college body, including the faculty, would get together more often in the rooms.

President Ferry expressed his approval of the Union, and seconded "Pete's" appeal that the rooms be more extensively used. He compared fraternities to homes and the Union to a club, and stated that just because a fellow had a home was no reason why he should not drop in at his club now and then.

Hamilton's Growth

In reference to the future growth of Hamilton, President Ferry said that there were only three colleges, Amherst, Wesleyan, and Williams, that could be compared with ours in regard to size and purpose. "During the last fifteen years, these colleges have expanded, while Hamilton has stood still. We want to pick up a hundred or more undergraduates right away." He then mentioned the poor road from Clinton to the College as a great drawback to growth, and stated that, according to Governor Whitman and State Commissioner of Roads Duffy, we could get a new road if we could secure local support.

"Pete" then gave the treasurer's report for the past year. This report showed that only some sixty men were members of the Union. "Pete" said that more support was necessary in order to secure success during the present year, and made a plea for new members. Link, '18, and Ives, '19, then expressed the views of the two upper classes.

The refreshments were the last, but not the least thing on the program. Sandwiches, cocoa, and ice cream were served, and judging from the amount consumed, every man was satisfied before he left the meeting.

—Electric lights are being installed upon the football field so that the team can practice late.

—Rudd, Harper, Barry, Hirshheimer, and Chadeayne, '21, are candidates for Asst. Manager of Baseball.

—The two underclasses have approved the resolutions for Hallowe'en adopted by the upper classes.

Baseball Schedule Completed; Ten Games Without Easter Trip

A tentative baseball schedule for next spring has been announced by Mgr. Ferguson. The action of the Executive Council in refusing to authorize the usual Easter trips reduces the schedule to ten games, evenly divided between home and foreign fields. Two short week-end trips are included, one at the beginning of the season to Wesleyan and Trinity, and one two weeks later to Buffalo and Rochester. The usual pair of games with Union has been arranged for and the season closes at Schenectady on Decoration Day. The visiting team on two of the dates is uncertain, but at least the dates will be filled.

The schedule follows:

Apr.	19	Wesleyan at Middletown
	20	Trinity at Hartford
	27	R. P. I. at Clinton
May	3	Buffalo at Buffalo
	4	Rochester at Rochester
	11	N. Y. U. or St. Lawrence at Clinton
	16	Union at Clinton
	18	St. Lawrence or Middlebury at Clinton
	25	Rochester at Clinton
	30	Union at Schenectady

Hobart Cancels

Dates which had been settled with Hobart were cancelled last week, the Geneva authorities deciding to omit baseball for next season. Hamilton's decision to drop the Easter trip only affect's the 1918 season and is due in part to the attitude of the players in previous years, and partly as a measure of wartime economy. The issue was discussed by the Council for nearly an hour, Mgr. Ferguson and Captain Cavanagh presenting the advantages of the trip as completely as possible.

Under the new arrangement adopted last spring, the resident athletic instructor, Coach Prettyman, will have charge of training the team. He was an undergraduate player at Springfield and acted in the capacity of baseball coach for the various schools with which he has been connected.

Ministers Announced For The Month

Next Sunday Rev. Dodge of Utica Will Speak in Chapel

The new idea of inviting ministers from various parts of the state and even outside to conduct the regular Sunday Chapel service has resulted in the appearance of a number of very prominent religious speakers on the Hill. Pres. Ferry has announced the list of men to preach through the rest of this month and will give out those for the rest of the year in a short time.

Last Sunday's speaker was the Rev. Ralph W. Brokaw, pastor of the First Presbyterian Church of Utica. Mr. Brokaw is a graduate of Rutgers in the class of 1874, and received an honorary degree at Hamilton in 1903. His text was Exodus 17:2, "And it came to pass, when Moses held up his hand, that Israel prevailed; and when he let down his hand, Amalek prevailed."

Next Sunday the Rev. Charles M. Dodge, D. D., '91, of Utica, will preach. He is the father of Dodge, '18. His present charge is the Bethany Presbyterian Church of Utica.

On Nov. 18, Rev. Milton B. Pratt, D. D., pastor of the First Methodist Episcopal Church of Utica will be the speaker. On Nov. 25, the Rev. Henry W. Maier, '92, will be here. He is pastor of the First Congregational Church of New Britain, Conn., and father of Maier, '21.

—Dr. F. M. Davenport has an article "The College in a Democracy—Is It a Failure?" in the Outlook for Oct. 24.

—President Ferry has been inaugurated into the Convocation of the State of New York, the body of educators which legally comprises the University of the State of New York.

Charlatans Rehearsing Plays Regularly

Manager Roberts is Negotiating for Dates

Members of the Charlatans casts met at the Psi U House Sunday night to rehearse "Helena's Husband" and "Bushido" for the first time. Stage setting and scenic effects were discussed and each of the plays was rehearsed entire so as to get a general interpretation of them. Prof. Fancher explained the nature of the plays and pointed out the effects which were to be most sought after. Rehearsals will be held regularly from now on, and it is expected that the plays will be ready for presentation by the first or middle of December. The next rehearsal of "Helena's Husband" will be held in Prof. Fancher's room this afternoon at 2:30.

Several changes on the casts have been made and it is probable that further shifts will be made. A list of the characters will be published later when the places are definitely fixed.

Manager Roberts is negotiating with Binghamton, Endicott, Auburn, Watertown, and Oneonta, and, altho no contracts have been made yet, some definite arrangements are expected within a few days. It is hoped that at least one trip may be made before Christmas.

—Owen Groves, '16, has joined the Ambulance Corps and is in training at Allentown, Pa.

—John L. Keddy, '15, is in the N. Y. S. Naval Militia and is stationed at North Tarrytown.

—Professor Lewis, who is a captain in the New York State National Guard, on the supernumerary list, last week performed the ceremony of swearing in the men of the Home Defense League of Oneida County. The ceremony was held in Oneida.

MUSICAL CLUBS' TRIP WILL BE PUSHED

With Executive Council's Approval, Manager Bull Puts Out Lines For Easter Trip

TRY-OUTS FRIDAY

Since the action of the Executive Council in granting permission for a Musical Clubs' trip, Manager Bull is now free to go ahead and arrange his schedule. The Council expressed itself as being in favor of two or three week end trips, and accordingly a trip will probably be made to Syracuse and Auburn, and efforts will be made to arrange concerts in Watertown and Ogdensburg. The direction of the third trip, if it is made, is uncertain.

Good Schedule Expected

Manager Bull feels sure that he can schedule concerts in Binghamton, Elmira, New York, Hackensack, and New Rochelle, and he will use these dates as the basis for his Easter trip. He hopes to open the trip in Rochester, and then play Tonawanda, Niagara Falls, Buffalo or some other city in that part of the state.

The concerts this year will be given under the auspices of the Red Cross, and the profits will be turned over to that organization. A letter was received from the manager of the Wesleyan clubs stating that he was having considerable trouble in arranging concerts, and he wanted to know how other college managers were faring. Altho Manager Bull has made no official efforts to arrange concerts, he does not contemplate any more than the customary difficulty in securing dates. The Hamilton Clubs have appeared in most of the cities where he is endeavoring to get dates, and they have their reputation established, which facilitates the matter of getting concerts.

Try-outs Friday Evening

Leader Clum of the Glee Club announces that try-outs will be held on Friday evening in the Y. M. C. A. There are several vacancies to be filled in all parts, and any man who has any vocal ability is encouraged to try out for positions on the Club. Men who were on the Club last year will not be required to try out. As soon as men are picked, rehearsals will be begun for both Clubs. Both leaders have some new music, which should prove popular. Some novelties are being planned, and this year clubs will be equal to any that have represented Hamilton for several years.

—James C. Parker, '12, is a Chief Yeoman in the Brooklyn Navy Yard.

—Everett Barto, ex-'17, has entered Columbia Law School.

—Stanley Bergner, '16, is Fellowship Secretary at the Brooklyn Central Y. M. C. A.

—Willis N. Mills, '94, who has been for some time prosecuting important cases for the U. S. Government on the Pacific Coast, has opened an office in Washington, D. C. He is at present engaged in a case in the San Francisco courts which will probably hold him there at least part of the winter.
